- That mutual respect, responsiveness, accountability and transparency underpin the processes by which Interchange IE seeks to resolve any complaints / grievances.
- That Interchange IE participants and families benefit from a service which encourages feedback and the raising of any issues of concern.
- That encouraging a culture in which 'it's ok to complain' provides the feedback necessary to enable Interchange IE to develop and improve services.

Interchange IE is subject to both State based and NDIS Commission complaints management obligations, as required in relation to funding from the Victorian Government and as a registered NDIS provider.

Complaints related to Volunteer programs (State funded) are directed to the Disability Services Commissioner, complaints related to NDIS funded services or supports will be made to the NDIS Commission.

POLICY

Interchange IE encourages feedback and the raising of any concerns or complaints. Interchange IE will manage any complaints with respect, responsiveness, transparency and accountability.

Anyone can complain about Interchange Inner East services provided to a person with a disability or their representative. This includes participants, other people with a disability, friends, families, carers, advocates, workers, or any other person who wishes to make a complaint.

1.5 Complaints Policy

1. Information about complaint resolution for participants, care givers, volunteers and staff

Interchange IE will promote a culture in which it's ok to complain through the display and distribution of information on how to complain.

Participants, families and volunteers will be informed through the family and participant manual and reminded on a regular basis, through organisational communications, of the existence and purpose of the Disability Services Commissioner, NDIS Commissioner and Interchange IE's Complaints Policy Brochure inclusive of procedures.

Staff and volunteers will be informed of the complaints process and their rights and obligations through the induction process, staff/volunteer manual and regular communication.
An accessible, easy to follow, flow chart for the making of a complaint, is available to participants/families, staff and volunteers. There is also an Easy Read version of the Complaints brochure available and where required a translator can be made available to assist anyone in making a complaint.

2. Access to Advocacy support for making a complaint or lodging an appeal against a decision

Interchange IE will inform participants/families of their right to use an advocate of their choice, or the support of an Advocacy Service, to assist with making a complaint or lodging an appeal against a decision.

3. Recording a complaint

Any participant, care giver or family member or other, on behalf of a participant, can lodge a complaint about Interchange IE services. The staff member or volunteer receiving the complaint has an obligation to make their manager aware of the complaint.

All complaints must be recorded in writing in the Complaints register, complaints are then reviewed by the Complaints Officer.

If there are verbal complaints of a serious nature, the Senior Manager/Executive Officer will ask that the complaint be put in writing to their key contact.

Complaints from NDIS funded participants or Interchange IE staff will be recorded in accordance with the requirements for complaints management outlined by the NDIS Commission.

Volunteer complaints, and those from participants with State based funding will be recorded in line with requirements outlined by The Office of Disability Services Commissioner. Participants/families privacy and confidentiality will be respected and protected in relation to the recording, management and resolution of the complaint.

4. Reporting Complaints or Allegations of Physical or Sexual Assault

Physical or sexual assault constitutes a reportable Incident and **must be** immediately reported to the most senior staff member available or the Executive Officer. In the event of such an incident, management and staff will be required to follow the Interchange IE Incident Reporting Procedures and the Victorian Government Department of Health and Human Services Guidelines 'Responding to Physical and Sexual Assault' and align all follow-up to sections 20 and 21 of the National Disability Insurance Scheme (Incident Management and Reportable Incidents) Rules 2018 (NDIS Rules), or the Client Incident Management System (State funded). All suspected, actual or alleged incidents of physical or sexual assault must be reported immediately to the Supervising staff member and the Executive Officer who will respond accordingly.

1.5 Complaints Policy

5. Failure to Disclose Offence: Obligations to report sexual abuse or suspected abuse

Under the Crimes Amendment (Protection of Children) Act 2014 **it is now an offence for staff NOT to disclose.** The required process for staff to follow if they reasonably suspect sexual abuse during the course of their duty, as an employee/volunteer of Interchange Inner East is as follows:

- Staff must complete a reportable incident form for an NDIS funded participant or Interchange IE staff member (the Manager will assist). This will be treated as a reportable incident – immediate notification, under Interchange IE and the NDIS Commission’s reporting requirements. Incidents relating to participants or programs receiving State funding will be treated as a Major Impact Incident as per the government funding bodies’ Client Incident Management Scheme Reporting requirements
- Under the law, reporting child sexual abuse is a staff member obligation, all staff must make Interchange IE aware of their concerns or suspicions immediately.
- Interchange IE’s Management will support staff to meet their obligations as a worker in a funded service in relation to the Crimes Amendment (Protection of Children) Act 2014.

Complaints Management/Resolution

7. In responding to a complaint Interchange IE will:

- Provide answers and assist others to understand the cause of the issue and how we plan to resolve it based on the facts.
- Take action to address concerns and complaints raised through the Complaints process. Interchange IE will investigate and look at changes that can be made to ensure that similar issues won’t occur again.
- Apologise in a meaningful way to anyone recording a complaint.

Interchange IE will investigate the complaint within 10 business days of having been made aware of it.

1.5 Complaints Policy

The investigation will include where appropriate;

- Contact with the person or the representative making the complaint
- Discussions with Interchange IE staff who are directly involved in the issue
- Discussions with any witnesses or outside agencies involved
- A review of the circumstances leading to any event or situation related to the issue
- Discussions with all parties to enable the negotiation of a resolution of the issue and strategies to avoid recurrence
- A review of any policy or documents related to the issue
- A written report outlining the nature of the complaint, the impact on the participant, the proposed resolution, and the action taken.

Where a complaint is believed to be unfounded or the result of a misunderstanding, it will still be recorded, and the appropriate comments will be written on the report.

Where a complaint has been lodged in writing, a written report will be sent to the person who has made it.

Any formal complaint made will be reported to the Committee of Management to enable them to monitor the organisations response, ensure a client focused approach and minimise the risk to the organisation.

8. Mediation

A complaint to the NDIS Commission or the Disability Commissioner can be lodged at any time during this process but more specifically, can occur where a person believes that a disability service provider has not properly investigated or taken action on a complaint which has been made to the disability service provider.

Current contact details of the NDIS Commissioner and Disability Services Commissioner will be provided in Interchange IE communications, Complaints brochure, in information to new participants/families/staff and volunteers and available on request from Interchange IE. Interchange IE will be a willing participant in any mediation between anyone making a complaint our service and the NDIS Commissioner or Office of the Disability Commissioner in order resolve any ongoing grievance.

9. Reporting complaints

The Senior Management team or Executive Officer will assume the role of Complaints Officer at Interchange IE and will record all complaints using the template provided as requested either by the NDIS Commission or by the Disability Services Commissioner's Office. Interchange IE will ensure that the complaints process meets the needs of the person making a complaint.
